

## Result Clauses

### Format:

x is so y that result z

e.g. The crowd was so dense that I was unable to hear the senator

### 'So':

- So = 'tam'
- Called an **intensifier** and is a **signpost** for a result clause

### 'That':

- That = 'ut' **always**
- For negative result clauses, **add 'non', do not** change 'ut' for 'ne' (like in indirect commands)

### Signpost Words:

- 'tam' (so)
- 'tantus' (so big)
- 'tot' (so many)
- 'talis' (of such a kind)
  - Senator **talis** era tut omnes eum amerent
  - The senator was **of such a kind** that everyone loved him
- 'adeo' (to such an extent)
  - Rex **adeo** iratus erat ut nemo dicere auderet
  - The king was angry **so such an extent** that no-one dared to speak
- 'ita' (in such a way)
  - Puer **ita** loquebatur ut omnes eum laudarent
  - The boy was speaking **in such a way** that everyone praised him

### 'Tam' without a result clause

Illa puella est tam pulchra. Eam maxime amo.

That girls is so pretty. I love her the most (*i.e. I totally love her*)
